

Sex!

HOW DO YOU KNOW WHAT YOU KNOW?

Background: HIV infections among gay/bi men have been on the rise in Ontario since 1996. There has been a 30% increase since 2000. Find out what is going on and what we can do about it. Learn more about recent research on gay/bi men's sexual behaviour and risk taking. This forum will also launch the Assumptions Campaign, which seeks to reinvigorate HIV prevention efforts for gay/bi men in light of the rising HIV infections. Sustainable gay/bi men's HIV prevention across the country is critical to gay/bi men's health and the fight against HIV/AIDS. Be a part of it.

**WEDNESDAY,
JUNE 16, 2004
7:00PM – 9:00PM
METRO CENTRAL YMCA
20 GROSVENOR STREET,
TORONTO**

SPEAKERS INCLUDE:

DR. TED MYERS,
University of Toronto, will
reveal the results of the
Ontario Men's Survey 2002.

DR. BARRY ADAM,
University of Windsor,
will discuss recent findings
from his research on safer
sex practices among
high-risk men and men in
couples in Toronto.

ACT INVITES ALL GAY/BI MEN, SERVICE PROVIDERS AND INTERESTED COMMUNITY MEMBERS TO ATTEND A FREE COMMUNITY FORUM. This forum will officially launch the Assumptions Campaign in Ontario. It is a new national, mass media HIV prevention education campaign aimed at gay/bi men. The campaign uses images and messages to expose faulty assumptions and challenges gay/bi men to examine, "How do you know what you know?" and to rethink their safer sex practices.

Free event! Reservations are not required.
Prize raffle!
Light refreshments will be served.
The YMCA is wheelchair accessible.
For more information please call
Tanya at 416.340.8484 ext. 261.
